DETAILED ACTION

Continued Examination Under 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on June 27, 2005 has been entered.

Applicant amends claims 1, 10, and 19.

Drawings

2. The drawings were received on September 13, 2004. These drawings are accepted by the Examiner.

Allowable Subject Matter

3. Claims 1-27 are allowed.

The following is an examiner's statement of reasons for allowance: Claims 1-27 are allowable over the prior art of record because the Examiner found neither prior art cited in its entirety, nor based on the prior art, found any motivation to combine any of the said prior art which teaches a facsimile apparatus or method of sorting output transfer sheets from a plurality of sheet trays configured to store respective types of transfer sheets in a facsimile apparatus comprising means for or steps of storing a first data table representing a relationship between a plurality of print colors, a plurality of sheet trays configured to store respective types of transfer

sheets and at least one communication procedure; selecting one of the respective types of transfer sheets from a respective sheet tray and one of the plurality of print colors in accordance with data stored in the first data table when the facsimile apparatus receives facsimile image data through one of the at least one communications procedure; and printing the received facsimile image data using the selected print color based on the facsimile communications and corresponding specific facsimile procedure used to received the facsimile data.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

4. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.

a. Filion et al (US Patent No. 6,119,156) discloses a locking mechanism for network management system using a table as a set of object identifiers.
